There is a small balance on hand that may have to be used due to increasing prices during Memorial of 1954.

Gov. Hugh Gregg was our Memorial Day speaker this year and we were very fortunate in getting him, being a veteran of World War (2) he understood world conditions.

We are still asking more support from the citizens of Barrington on Memorial Day at the services in the church, the services are not too long, as it is intended by the committee to make the service brief and to the point.

Respectfully submitted to the voters of the Town of Barrington by Hanson-Keliher Post No. 6804, Veterans of Foreign Wars.

Signed, HAROLD W. HENDERSON,  
*Chairman.*

HARRY PHILLIPS, Jr.,

At the annual meeting held in March 1953, the district voted to construct a four-classroom addition to Barrington School at a cost of \$65,000.00. The legislature passed an act legalizing this action. The special Board of Investigation provided by law held a hearing in Barrington and approved extending the debt limit accordingly, the amount being less than 1% above the regular 5% of the equalized valuation. Irving W. Hersey and Associates, architects of the original building were again retained. The general contract was awarded to Kent D. Locke of Barnstead. At this writing, the addition is well on the way to completion. Harmonizing architecturally with the main building and incorporating some of the latest features of classroom design, this addition will also include library quarters and civic facilities. It will eliminate the emergency first-grade classroom in the basement and make the lunch arrangements more convenient. A new oil-fired forced hot water heating system has been installed to serve the whole building. Part of the project has been the improvement of drainage around the building by grading and the construction of a curbing in the rear, as well as concrete retaining walls outside the auditorium exit.

The cooperative district proposal, after being thoroughly studied, forcefully presented throughout the year, and debated at length in the annual meeting, was rejected (at least for the time being) by a vote of 41 to 61. Durham, Lee, and Madbury have organized the Oyster River Cooperative District, No. 2, which will enlarge the present school plant at Durham to accommodate both the elementary grades and a newly organized high school. The school district of Milton has been added to Supervisory Union No. 44, replacing Lee.

Anticipating the newly developed state program in Firearms Safety education, Principal Mathews has already made this important subject the basis of a unit of instruction and demonstration. A University of New Hampshire extension course on "Understanding Your Children" was given at the school last winter under the auspices of the P. T. A.
